

A row of 10 grayscale images showing the digits 1 through 0, each rendered in a pixelated, dithered style. The digits are arranged horizontally from left to right. Each digit is composed of black and gray pixels on a white background, giving them a noisy, low-resolution appearance. The digits are: 1, 2, 3, 4, 5, 6, 7, 8, 9, and 0.
